

24 March 2015

Dear Parents

I will be signing all students to Edmodo which is a social media platform designed for use in classrooms.

I am emailed every time a student makes a post and it is tightly controlled. It is a closed group and only students from our class are allowed to join and have access to the posts . The students are given instructions on digital citizenship.

All homework is set on Edmodo and I also use it to send reminders or messages (e.g. reminding students about mufti days). In previous years students have enjoyed posting pictures of their pets and their weekend adventures. While away sick or on holidays students are still able to access homework or keep up with class happenings. They are also given badges for tasks completed in class. Students will be signed up to edmodo at school and their passwords will remain confidential.

You can learn all about Edmodo by typing the link below into your web browser:

<http://www.edmodo.com/about>

After viewing this website, if you still have any concerns please contact me.

Kind regards
Janelle Morgan
