

Compare water to other drinks

Conduct this simple observation experiment. Fill one clear glass with water and the other two with different drinks. Fill in the description below for looks, smells and taste like. Answer questions 2 - 4 and then turn over and complete the Venn Diagram by comparing differences and similarities between water and milk.

Type	<u>Water</u>	_____	_____
Look	_____	_____	_____
Smell	_____	_____	_____
Taste	_____	_____	_____

2. What is your favourite drink? \_\_\_\_\_

3. Why do you like this drink? \_\_\_\_\_

4. Google one interesting fact about your favourite drink to share with the class (e.g. Coca Cola was invented in 1886)

\_\_\_\_\_
